Exercise 2: Read the following passage and choose the correct answer (1 point)

Being healthy means taking care of your body and mind. Eating a balanced diet with fruits and vegetables keeps you healthy and full of energy. It helps you avoid sickness and diseases. Sometimes, you may get sick. Sickness can come in various forms like a cold, flu, or a sore throat. You might also face skin conditions like acne or allergies. Don't worry; there are ways to recover. Resting, drinking water, and taking medicine can help you feel better. It's important to avoid junk food and eat nutritious meals. Obesity, or being very fat, can affect your health negatively. Regular exercise, like going for a run or swimming, helps you stay in shape. Adults often worry about gaining weight, but maintaining a healthy diet and staying active can help.
