

Prof. Dim: Good morning. Could you please drive your ... erm ... your car away?
It is right in front of my garage.

Mr Nice: Sorry, Mr Dim, but that car isn't 1 _____.

Prof. Dim: Oh? Is it not 2 _____? Whose car is it then?

Mr Nice: I don't know. Have the Millers got a car like that?

Prof. Dim: Oh no. No, I think 3 _____ is blue, not red.

Mrs Nice: I know that Emily's got a red car. Perhaps it's 4 _____.

Prof. Dim: I think she's got a ... erm ... a Toyota. This car is a Rover.

Mr Nice: What about Mr Kingsley? Couldn't it be 5 _____?

Mrs Nice: I don't think so, darling. He sold his Rover six months ago.

Mr Nice: Mr Dim, haven't you got a red Rover? Perhaps this car is 6 _____?

Prof. Dim: What? Oh dear, you're right. It's 7 _____! I'm so sorry.

Mrs Nice: That's all right, professor.
