

Conversation

Samir: Have you ever eaten octopus?

Carol: No, I haven't. What does it taste like?

Samir: Well, it's kind of rubbery, but it's delicious, especially with paprika. It's very popular in Mediterranean countries.

Carol: Have you eaten sushi?

Samir: Yeah. It's one of my favorite foods.

Carol: You like raw fish and rice? Ugh!

Samir: Try it sometime. And have you tried Mexican food? It's very popular here in the U.S.

Carol: No, I haven't. I don't like spicy food. I prefer plain food like steak and mashed potatoes, corn on the cob, and other foods like that.
