How to Make a Glass of Iced Coffee Milk

Ingredients:

- $\frac{3}{4}$ tablespoon of instant coffee powder
- $\frac{1}{2}$ glass (120 milliliters) water
- 1 tablespoon of sugar (if you don't like sweet, take less sugar)
- Some blocks of ice
- Creamer or full cream milk

Methods or Steps:

1. First, fill the glass with three fourths tablespoon of instant coffee powder and a tablespoon of sugar
2. Second, boil the water
3. Then, pour the hot water into the glass
4. Stir until the coffee powder and sugar dissolve
5. After that, add the creamer or full cream milk and stir it again
6. Lastly, add some blocks of ice into the coffee milk. (add little by little, or it will make an extreme temperature change which may break the glass)
