Soal Isian

Please read carefully the text to answer the question 6-8!

I go on a vacation to the zoo with my family. We see many different kinds of animals such as lions, tigers, elephants, and monkeys.

The lions are big and have beautiful manes. The tigers are orange with black stripes and are sleeping in the shade.

The elephants are huge and we get to watch them eat. The monkeys are swinging from tree to tree and are very playful.

We also get to feed some of the animals like the giraffes and the goats. It is a fun day and I learn a lot about animals that I have never seen before.

1. What animals do you see on your vacation to the zoo? (Binatang apa yang kamu lihat dikebun binatang?)
2. Who do you go to the zoo with? (Dengan siapa kamu pergi ke kebun binatang?)
3. What were the tigers doing? (Apa yang dilakukan harimau?)
4. What is the colour of Tiger's body? (Warna apa badan harimau?)
5. What animal that is swingin from tree to tree? (Binatang apakah yang bergantung dari pohon ke pohon?)
