(5 x 1 = 5)

Last Saturday, I went to a concert in a park in our city with my friends. When we arrived, we saw a large stage. A big crowd of people were standing in front of it. They were waiting for the concert to start.

My friends and I were really excited and luckily we found a good place to stand. First a well-known band performed and then Cher Lloyd, one of my favourite singers, came onto the stage. Two musicians came onto stage with her. One sat down and started playing the drums and the other started playing the electric guitar. Cher said "Hello!" to the audience and we all shouted "Hello!" back to her.

Cher sang a lot of songs and everyone in the audience had a great time. We all clapped loudly at the end of every song. She sings beautifully and she's really cool! Cher didn't leave the stage at the end of the concert. She stayed to meet her fans. I asked for her autograph and my friend, Katie, took a photo of Cher and me together! I was so pleased! I sent it to all my friends. They were very jealous!
