

My favorite kind of art

Art is an important of our life. For every person it is something special and unusual. Not everybody likes it. However, those who like can plunge into a beautiful imaginary world full happiness and joy.

Somebody may say that art is a serious thing, but as for me, it gives us an opportunity to relax and get pleasure. Moreover, it broadens outlook.

Different people like various kinds of It is difficult for me to decide which one is the interesting for me. Every kind is inalienable. I cannot imagine my life cinema, theatre, pictorial art or architecture, for example.

Well, I really enjoy So, I would like to tell you about it.

Music is a fantastic thing! Every genre is unique. to music, we can receive different emotions. It can make us sad or Classical music brings us calmness, rock motivates us to act, rap about life.

Unfortunately, I do not any musical instrument. However, I respect those people who do. They are a part of art.

After all, music is a very important kind of art. There would not be theatre and cinema without it and our life would be less colorful.

To, I would like to say that deep inside every person enjoys art as it makes our life better. Art is long, life is short.
