I took this photo while we were on a safari holiday in Kenya last February. It was an amazing rescue and I was lucky to see it.

It happened while we were taking photos of wild animals. We were driving slowly when we saw a bulldozer. There was a group of people and they were looking at something. There was an elephant. It was in a mud hole and it couldn't get out. The elephant wasn't moving, but it was alive. A bulldozer was breaking the sides of the hole. As soon as possible, the elephant climbed out.
