

Représentation de FRACTIONS 1

1) Associe chaque fraction à la représentation correspondante :

$\frac{3}{4}$	$\frac{3}{8}$	$\frac{1}{2}$			
$\frac{1}{3}$	$\frac{2}{5}$	$\frac{4}{5}$			
$\frac{4}{4}$	$\frac{5}{6}$	$\frac{1}{4}$			

2) Donne une écriture fractionnaire des nombres suivants.

- | | | |
|-------------------------|---|--|
| a. quatre dixièmes | → | <div style="border: 1px solid black; width: 40px; height: 20px; display: inline-block; vertical-align: middle;"></div> |
| b. cinq douzièmes | → | <div style="border: 1px solid black; width: 40px; height: 20px; display: inline-block; vertical-align: middle;"></div> |
| c. deux tiers | → | <div style="border: 1px solid black; width: 40px; height: 20px; display: inline-block; vertical-align: middle;"></div> |
| d. trois demis | → | <div style="border: 1px solid black; width: 40px; height: 20px; display: inline-block; vertical-align: middle;"></div> |
| e. six quarts | → | <div style="border: 1px solid black; width: 40px; height: 20px; display: inline-block; vertical-align: middle;"></div> |
| f. six vingt-cinquièmes | → | <div style="border: 1px solid black; width: 40px; height: 20px; display: inline-block; vertical-align: middle;"></div> |
