

LA MOLTIPLICAZIONE: SCHIERAMENTO

1 Osserva i disegni e completa.

Pecore in ogni riga: ____

Numero righe: ____

$$4 + 4 + 4 = \underline{\quad}$$

$$4 \times \underline{\quad} = \underline{\quad}$$

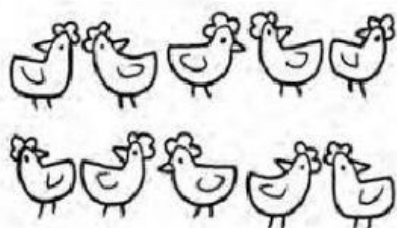

Pecore in ogni colonna: ____

Numero colonne: ____

$$3 + 3 + 3 + 3 = \underline{\quad}$$

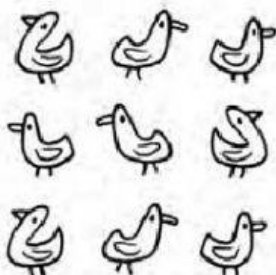

$$3 \times \underline{\quad} = \underline{\quad}$$

2 Osserva i disegni e completa.

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

$$\underline{\quad} \times \underline{\quad} = \underline{\quad}$$

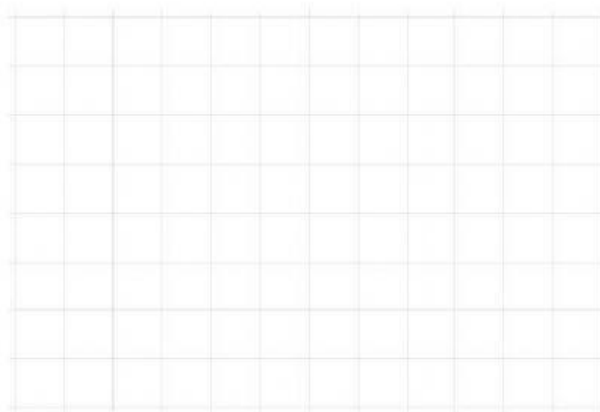

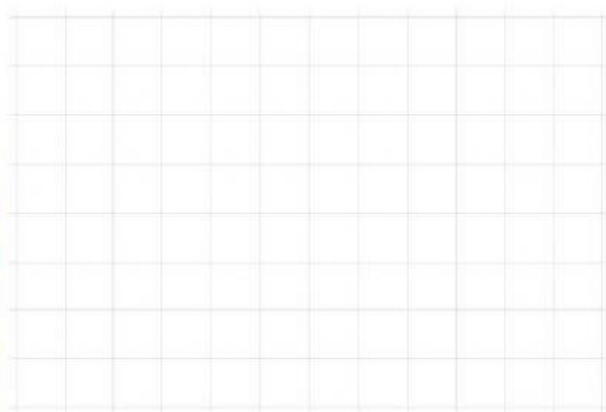

3 Disegna uno schieramento per ciascuna coppia di moltiplicazioni.

$$6 \times 4 = \underline{\quad}$$

$$7 \times 5 = \underline{\quad}$$

$$4 \times 6 = \underline{\quad}$$

$$5 \times 7 = \underline{\quad}$$

O.A.: comprendere il concetto di moltiplicazione come schieramento.
