

We love animals

April 20XX

Insects

Insects are very small animals. They have six legs. Some insects can fly. Some insects can swim. Do you know these insects?

Is it a butterfly or a moth?

This is a butterfly. Butterflies are colourful. This butterfly is red, yellow, blue and white. It is on a flower.

This is not a butterfly. This is a moth. Moths are not colourful. This brown moth is on some leaves.

Is it a beetle or a ladybird?

Here is a beetle on a flower. Beetles are black or brown. This beetle is black.

This is a ladybird. It is not a bird! Most ladybirds are red with black spots. How many spots does this ladybird have?
