The Beatles

The Beatles were 1 famous in the 1960s that millions of people throughout the world knew who they were. They had 2 enormous fame that they were among the most well-known people in the world. For one or two of them, this all happened 3 quickly for them to be able to cope with it, and they had personal problems. Many people say that The Beatles had 4 influence on popular music that they changed it for ever. They wrote 5 famous songs that most people would recognize at least one of them. Some people believe that they were 6 brilliant songwriters that

nobody else has been as good as them. However, it was all 7 good to last for long. After a few years, they decided that their fans behaved 8 hysterically that they couldn't perform in public any more, because it was 9 dangerous for them to do so. There were 10 problems for them to go on tour again. The Beatles wrote 11 memorable songs for people to forget them. They were 12 an important group that their songs are still played throughout the world today.
