

MY NEIGHBOURHOOD

I live in a three bedroom detached house in Sheffield, Burncross. It's a very quiet neighbourhood. People are very friendly and polite.

There's a very big beautiful park near my house and I walk there for an hour every morning.

There are three supermarkets and some small shops in the area. The Health Centre is just five minutes' walk from us. There are some nice cafes and pubs on the main road but they are all closed because of pandemic. There's a small sport centre just fifteen minutes' walk from my house which I used to go three days a week but it's also closed now.

I'm happy with my neighbours, it's good to see people greeting each other and chatting on the street.
