

ALIBI

SITUATION: You are a suspect for a crime. You are guilty. You do **NOT** want to go to jail, so you must make an alibi -fake story- (with 2 other partners) to prove you are innocent.

WIN: The police (your classmates) are going to ask you questions. If all suspects have the same answer, you will be **FREED!**

LOSE: If the police find 5 differences in your alibi, you will **ALL** be guilty, and will go to jail until you die.

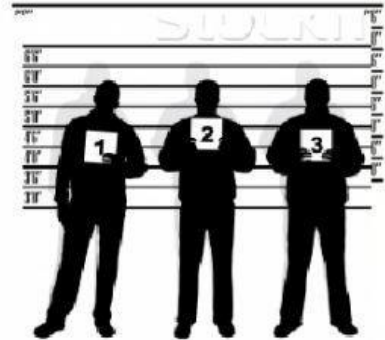

Prepare: Make sure all of the suspects' answers are the **SAME!!** Use this worksheet to record the story.

**** You must memorize your story !!**

These questions will **PROBABLY** be asked by the police:

Do you remember:

1. Where were you last night?
2. What were you doing there?
3. Who were you with?
4. How long were you there?
5. When did you get home?
6. What were you wearing?
