T

Money Phrasal Verbs

- Look at the phrasal verbs in the following examples.
- Then match them with the correct definition

A Hey, Lisa! I'm trying to save up for a trip to Europe. B That's great, John! How much do you have so far?	A I need to take out a loan to buy a new car. B Make sure to compare interest rates and terms before you decide.
A It took me a while, but I finally paid off all my credit card debt. B Congratulations, Emily! That's a huge accomplishment!	A My parents are going out of town next week. Can you look after my dog, Max? B Sure, no problem! I love dogs and I'll make sure to take good care of him.
A I always put away 20% of my paycheck into my savings account. B That's a smart habit to have, Mark. It will come in handy for emergencies.	

look after

to give someone all the money you owe them, especially when this is a large amount.

take out

to take care of someone or something.

save up

to keep money for future use, usually by putting it in a savings account.

pay off

to remove something from a place or container.

put away

to store something in its proper place after using it.
