Read what the children say about their leisure time activities. Tick what they especially like about going to the cinema and to the theatre.

Julia: When I have free time I enjoy reading a book, watching a film or a **theatrical performance**. I like visiting new places with my favourite characters. I always try to be part of adventure. I imagine myself living in the world created by **actors or actresses**. I can do this quite easily.

Stephen: My name is Stephen and I live in Manchester. I go to school, and we often have school trips. Sometimes we go to the theatre or to the cinema with our teacher. I always follow a play or a **film plot** very attentively. Sometimes I agree with the way the main characters act, sometimes I don't. I enjoy watching a theatrical performance more than watching films. I think that theatre actors and actresses are much closer to **the audience** than they are to the film viewers.

Peter: To my mind, watching a film is as exciting as watching a theatrical performance. Many people can find answers to their questions when they watch them. I think that it is very important to be an active **participant** of a film or a theatrical performance you watch. The world of cinema and theatre gives us a chance to **cast a glance** at ourselves and become better.
