True / False

6 Anthony liked the movie.

True / False

10. Read and then circle the correct answer.

Be Healthy!

How can you be healthy? For many young people, eating healthy food and sleeping eight to ten hours a night is healthy. That's true. But you can do other things to be healthy, too.

Art and music keep your emotions healthy. Some people need to paint, make music, or write to feel healthy. How often do you make art or music? Try it! Draw a picture, sing a song, or write a poem. These things make you feel happy. Then share what you make with your family and friends.

Also, remember to go outside, play a sport, and be active. For example, playing basketball with friends is a fun way to be active.

At school, there are many places where you can be active. You can run in the gym. You can sing and dance in the music room. Your school has everything you need to be healthy! Remember that there are many ways to be healthy.

Doing art and music make you **angry** / **happy**.

Playing basketball is a fun way to be **active** / **sad**.

You can be active in the **cafeteria** / **gym** at school.

Singing and dancing **are** / **aren't** active.

There are **two** / **many** ways to be healthy.
