

Listening Test 2

Part 3

You will hear five different people talking about the business that each runs. For questions 19-23, choose from the list (A-F) which business each person is describing. Use the letters only once. There is one extra letter which you do not need to use.

- A a second-hand bookshop
- B a driving school
- C an antique shop
- D a fitness centre
- E a travel agency
- F a computer shop

24 How many employees does Mr Farmer's company have?

- A 50
- B 30
- C 80

	24
--	----

25 Why does his company need a new IT system?

- A because the company is doing very well
- B because the Internet doesn't work
- C because the printer is old and slow

	25
--	----

26 What is Mr Farmer's main requirement for his company's new IT system?

- A It must not break down often.
- B It must not cost a lot of money.
- C It must store client addresses.

	26
--	----

27 How does his company count the time its employees spend at work?

- A using an electronic diary
- B by writing down the hours worked
- C with an automated system

	27
--	----

28 Why is Mr Farmer unhappy with the company which provided the computer system he has now?

- A The printer failed repeatedly.
- B The price was too high.
- C The after-sales service was poor.

	28
--	----

29 Why has Mr Farmer called this particular IT company?

- A He has used this company for many years.
- B He found the company on the Internet.
- C He was told about the company by a friend.

	29
--	----

30 Most companies make changes to their computer systems

- A every year.
- B every two years.
- C very often.

	30
