When you see a typical American teen movie, competitions are often involved! Actually idioms like, "Go big or go home!" or "Give it your all!" reflect the way people in the United State perceive what being competitive means. This includes many parts of life: sports, school, work, even video games. Teens in Ecuador may be competitive as well, but usually they don't take it too seriously because it's just for fun. They can enjoy sports, school, or video games and appreciate healthy competition. The emphasis is more on having fun in the process, and not who wins or loses... except maybe in soccer!
