1. READ THE STORY OF FRANKENSTEIN.

Mary Shelly invented the story of a fantasy monster called Frankenstein. She wrote about a scientist who wanted to create life. First, Dr. Frankenstein needed a body. He sent his assistant Igor to dig in a cemetery and take parts of people's bodies. Next, the scientist joined the parts together, but he didn't know how to make the creature come to life. After that, a bolt of lightning woke the creature up. Finally, Dr. Frankenstein didn't invent a human being but a very strong monster.
