Colour

Example It is difficult to think of a world without colour,
 1 but try for a minute! There aren't beautiful
 2 rainbows to look at. You can't choose wear a
 yellow T-shirt or a blue T-shirt. You can't see the beautiful pink, purple,
 3 orange and red colours the sky when the sun
 4 down every evening. What a different world!
 The colours of light are different from the colours of paint.
 5 you mix red, green and yellow light together,
 6 they make white light. you get brown when
 you mix red, green and yellow paint together.
 7 Colour is very important to of us. Red can
 8 make people and animals think is 'dangerous'.
 Drivers stop when they see a red light and hungry birds don't eat insects
 with red wings. Different colours can make you like or hate food too.
 9 you like to eat blue potatoes or
 drink black milk? People have different favourite colours too.
 10 is yours?

Example

There's a new teacher at school and we had our first science lesson with him today.

1 His name is Mr Hill and makes science very interesting.

Emma and Sophia didn't enjoy the lesson because Mr Hill

2 ten questions on the board and they didn't know any of the answers. But I think he's nice!

3 He told us lots things about the planets and about our moon and sun.

We watched a short DVD in his class too. It was about the first rocket

4 flew in space.

5 I think I'd to be an astronaut one day.
