I've always enjoyed playing computer games and I'd like to make them when I'm older. My cousin works in IT and makes cartoons and games so I asked him if I could go to work with him. I learned so much including how to draw a simple cartoon. But it was really tiring – all I wanted to do was relax at the end of the day, not play computer games!

Mika

I love sport the most and want to teach it when I'm older. I'm good at basketball, but I need to work harder in rugby lessons so I can teach different sports. After school, I want to go to college and study sports science. After that, I want to help with after-school clubs and lessons. My uncle is a teacher so I plan to ask him if I can give drinks to the players at the American football club next week.

Henri

I play a lot of musical instruments including the piano and guitar and would love to have a career in music. Last year, I received a prize for the best young musician in my town. I want to study music at university. I probably won't get work as a musician after school so I might have to get a job in a café or restaurant first. My dream is to be paid to play in a group and travel around the world.
