

# Am, is, are

They        twins.

It        very hot!

They        in love.

I        happy.

It        windy.

My brother        ill.

You        very tall.

We        friends.

Today        my birthday!

My car        new.

The pizza        delicious!

They        tired.

The computer        broken.

I        angry!

She        sad.

You        good singers!
