When people have a cold, a fever, or the flu, they usually go to the doctor for help, or they get some medicine from the drugstore. But many people also use home remedies for common illnesses. Here are some simple home remedies.

Burns

Put the burn under cold water or put a cold handkerchief on it. Then apply aloe vera gel to the burn. It's important not to put ice on the burn.

Cough

Drink warm liquids or *take* some honey.

Headaches

Apply an ice pack or cold cloth to your head, or splash your face with cold water. It's also a good idea to put your hands into hot water and leave them there for several minutes. Also, you shouldn't read or watch TV.
