

## Regular verbs

7. These actions happened in the past. Guess and write.

|          |         |            |          |
|----------|---------|------------|----------|
| listened | played  | pasted     | launched |
| looked   | painted | looked for | opened   |

|                                                                                   |                                                                                   |                                                                                    |                                                                                     |
|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|
|  |  |   |  |
|                                                                                   |                                                                                   |                                                                                    |                                                                                     |
|  |  |  |  |
|                                                                                   |                                                                                   |                                                                                    |                                                                                     |

8. Complete the sentence with the correct verb in the past.

|          |           |        |        |
|----------|-----------|--------|--------|
| prepared | practised | passed | marked |
|----------|-----------|--------|--------|

My older sister \_\_\_\_\_ the exam because she  
 \_\_\_\_\_ for it a lot. She \_\_\_\_\_ the vocabulary with a  
 technique. She \_\_\_\_\_ with a pencil all the words that she didn't  
 know, and she looked up the \_\_\_\_\_.
