

Teacher Guide for Digital Citizenship Activities

1	Teaching Tips
2	Links to the Google Slides File
3	Answer Keys
4-5	Terms of Use and Credits

These activities are designed to be completed *after* doing the full Common Sense Media lesson for each topic. Sign up for a free teacher account and download the lesson plans here:

<https://www.common sense.org/education/digital-citizenship/curriculum>

Kindergarten Lessons:

- 1. Media Balance is Important**
- 2. Pause for People**
- 3. Safety in My Online Neighborhood**

Tips for the teacher:

These activities are provided in Google Slides, but you can download and use it as PowerPoint instead if needed. In either version of the presentation software, have students use the file in edit mode (not presentation mode) the entire time for the pieces to be moveable.

I recommend waiting until the second half of the school year to do these **kindergarten** lessons because the slides do require basic reading skills. Alternatively, you can do the activities as a whole group and read the text to your students.

Teacher Guide

Here you will find the link to the Google Slides File

1. [Kindergarten Slides](#)

*The file is large, it might take a few minutes to load.

This link will force you to make a copy into your own Google Drive. Share YOUR copy of the file with your students, otherwise they (your students) won't be able to access it.

You'll know you accidentally shared my link instead of yours if your students get prompted to "request access." This isn't supposed to happen.

There are great tutorials on the internet for how to share files with students in Google Classroom or other platforms. They do a better job explaining than I ever could. Check them out if you need PD in this set of skills.

Answer Keys

Media Balance Is Important : Digital Citizenship

Watch Balance Is Important Video

Move these pieces into the right order from the song:

	3 Reasons to Take a Break from your Device
1	• Friend says hi
2	• Play outside
3	• Say goodnight

How do you feel about taking a break from your device?

Media Balance Is Important : Digital Citizenship

Using the shape tools, make your own version of Arms inside of this box.

Pause for People : Digital Citizenship

Watch the video Pause, Breathe, Finish Up!

Match the steps with the examples:

STEP	EXAMPLE
Pause	Stop what you're doing and look the person in the eye.
Breathe	Take a deep breath.
Finish Up	Put the device away.

How does it make you feel when you pause for people?

Safety in my Online Neighborhood : Digital Citizenship

Watch the video My Online Neighborhood

What are the rules for staying safe online?

1	• Always ask your parent or teacher first
2	• Only talk to people you know
3	Stick to places that are just right for you

Type 3 "just right" websites for you.
