

**Read the given paragraph individually and try to guess the meaning of the underlined words. Then, share your answers with your partner.**

Sherlock Holmes and his assistant were investigating an ordinary crime of a bank robbery. Holmes said, "we must figure out how to solve the case!". "Let's start investigating". They found a clue—a torn piece of paper with an address written on it. This simple clue held the key to solving the crime. They quickly started investigating and hurried to the address. They found the person responsible and discovered that he needed money. With determination and evidence in hand, they were able to solve the case.

**1-What do you think the underlined words mean?**

**Ordinary:** \_\_\_\_\_
