Cereal Cafés by Vicky

What's the most amazing breakfast food in the world? For me, it's cereal! It's tastier than eggs and it's more interesting than bread.

Now you can have breakfast at a cereal café! It's called 'Rainbow'and it is in Oxford in the UK. It has 123 different cereals and thirty different types of milk! Inside, the café looks like a bedroom because there are chairs and beds to sit on. You can enjoy British and American cereals. Kids usually drink hot chocolate, but their parents prefer tea or coffee. Its opening hours are 8 a.m. to 8 p.m., so you can have breakfast all day. You can also book kids' parties here!

There's also a cereal café , 'Fantastico', inside a big department store in Boston in the USA. This café has twenty-two different cereals. OK, that isn't as amazing as the cereal café in Oxford. But there is a surprise – they serve cereal with ice cream. It isn't breakfast – it's dessert! I'd like chocolate cereal with vanilla milk, please!
