

THIS IS MISS VALE

Hi kids! My name is Miss Vale and I will be your 5th grade teacher this year!

I have been an English teacher for 15 years! I love teaching and playing games with my students.

I live in Valle Escondido with my husband Gonzalo. He is a lawyer and he works a lot too.

I have got one father, two brothers and one sister. I also have eleven nieces and nephews. That's a lot!

My birthday is on February 27th and this year I celebrated it with my close friends and family on Saturday afternoon and night.

My favorite color is pink and my favorite food is pizza. I like reading books, drawing, painting and dancing. I don't like going camping or studying Math.

In my free time, I usually read a lot and watch movies. I also love spending time with my family and my friends. My favorite thing in the world is travelling to different parts of the world!

Well kids, that's it for now. Hope to meet you very soon!!
