

- a. Ibu Ayu asks her students to make an infographic to show their learning tips. Here are the infographics made by Galang and Andre. Read their infographics. See the [Wordbox](#).

The image displays two vertical infographics side-by-side. The left infographic, titled 'GALANG LEARNING TIPS' in bold white and yellow text on a red background, lists three numbered tips in yellow circles: 1. Prepare your comfort place: a place where you can think calmly. 2. Make a to do list: it makes your study time more effective. 3. Join online discussion: you can ask questions to your teachers or classmates. Below the tips, there are two yellow boxes: 'Review:' followed by 'Review the topic to help you understand the lesson better' and 'Break time:' followed by 'Take a break by walking around the house'. The right infographic, titled 'ANDRE LEARNING TIPS' in bold white and yellow text on a blue background, lists five tips in white rounded rectangles: 'Make an online class schedule: It helps you to be always ready to join online classes.', 'Be active in class discussion: You can learn to share your ideas with others.', 'Make a study plan and stick to it: Manage yourself well, for example when to study and when to take some breaks.', 'Learn again previous lessons: It helps you to memorize and understand the lesson.', and 'Have your study area: Prepare a comfortable place for study.' At the bottom of the right infographic is the 'LIVEWORKSHEETS' logo.

**GALANG**  
**LEARNING TIPS**

- 1** Prepare your comfort place:  
a place where you can think  
calmly.
- 2** Make a to do list:  
it makes your study time  
more effective.
- 3** Join online discussion:  
you can ask questions  
to your teachers or  
classmates

**Review:**

Review the topic to  
help you  
understand the  
lesson better

**Break time:**

Take a break by  
walking around the  
house

**ANDRE**  
**LEARNING TIPS**

Make an online class schedule:  
It helps you to be always ready to  
join online classes.

Be active in class discussion:  
You can learn to share your ideas  
with others.

Make a study plan and stick to it:  
Manage yourself well, for example  
when to study and when to take  
some breaks.

Learn again previous lessons:  
It helps you to memorize and  
understand the lesson.

Have your study area:  
Prepare a comfortable place  
for study.

**LIVEWORKSHEETS**

- b. Based on Galang and Andre's infographics at [Picture 4.5](#), answer the following questions.

1. What is Galang's tip to make your study time more effective?  
\_\_\_\_\_
2. Why does Andre suggest making an online class schedule?  
\_\_\_\_\_
3. Do you agree with Andre to be active in a class discussion? Why?  
\_\_\_\_\_
4. Do you think 'break-time' is important? Why?  
\_\_\_\_\_
5. Do you find similarities between Galang's and Andre's Infographics? What are they?  
\_\_\_\_\_
