

WHAT APARTHEID MEANT

black people aren't allowed to vote

black people aren't allowed to travel

black and white people live separate lives
most of the time

black people have to do low-paid jobs that
the whites don't want to do

racism exists at work and everywhere else

black people aren't allowed to buy bread in
the same shops as whites

There is a lot of crime in South Africa

WHAT HAS CHANGED SINCE THE ABOLITION OF APARTHEID...	PROBLEMS THAT STILL REMAIN...
