

# Hi-tech toilets and digital taps

Are you sitting comfortably? Meet the designers who want to change the way you use the toilet.

*ACTIVITY: Watch the video and say whether the statements below are true or false.*

- |  |     |
|--|-----|
| 1) We don't usually question things we have been doing for a long time.      | T F |
| 2) The standard squatting position of toilets is far from perfect.           | T F |
| 3) It's important that our hands are free all the time.                      | T F |
| 4) The designer's granny raised objections to the new toilet.                | T F |
| 5) It is possible to select the smell in your bathroom when having a shower. | T F |
| 6) White light when brushing your teeth warns you of a health problem.       | T F |
