

Sort the emotion with the correct showing phrases/expression

Angry

Embarrassed

Tired

I approached her, red
in the face, demanded
my bag back

My veins are popping on
the side of my forehead

My eyes were still
droopy

I yawned and
stretch as I walked

I clenched my fist

I tried to hold back
my tears

I began to blush

I couldn't stop
slouching

My stomach flipped
when I say I ripped
my pants
