

68 *might, may, must be, can't be*

1 *might (not) and may (not)*

We use *might (not)* when we think something is true or will be true but we aren't sure:
'Who's second?' 'It **might be** the one with the pink cap.'

Jenny **might be** at home now. Call her.

The parcel **might not arrive** tomorrow.

In more formal English we can use *may (not)* when we aren't sure about something:
Mr Clement **may be** with a client. I'll just check for you.

The order **may not arrive** next week.

NATURAL ENGLISH We don't often form questions with *may* or *might*.

We prefer to use *Do you think ... ?*:

Do you think they've got any cheap trainers?

Do you think the order will arrive this week?

2 *must be and can't be*

If we are almost certain that something is true, we use *must be*:

You're very late home. You **must be** tired.

I can't find the cat. She **must be** somewhere upstairs.

If we are almost certain that something is not true, we use *can't be*:

This ring was very cheap so it **can't be** gold.

That boy looks exactly like Sam but it **can't be** him – he's at school.
