SECTION B: (6 marks) (C2)
Instructions:
Questions 5 – 10 are based on the following bar graph.
Underline the appropriate words to describe the online classroom participation at Pinang Sebatu Secondary School.

The bar graph above illustrates the online classroom participation among students at Pinang Sebatu Secondary School from the year 2015 until 2022.

The online classroom participation was at the _____ **(5) (low/bottom/under)** in a year 2015 when only 80 students were involved as the importance of online teaching was not yet being highlighted. After that, the students' participation started to rise _____ **(6) (significantly/steadily/gradually)** for the year 2016 and 2017. Nevertheless, there was a _____ **(7) (dramatic/slight/ significant)** decrease when the number of students involved in online classroom was 110 in 2018 rather than 120 students in the year 2017.

At the end of 2019, COVID-19 hit the world and affected people all around the world. Consequently, the students' participation increased _____ **(8) (abruptly/static/steadily)** to 316 students in the year 2019 as the outbreak hindered most of the face-to-face teaching and learning process. After that, the graph _____ **(9) (remained stable/rose slightly/fluctuated)** in three years afterwards from the year 2019 until 2021.

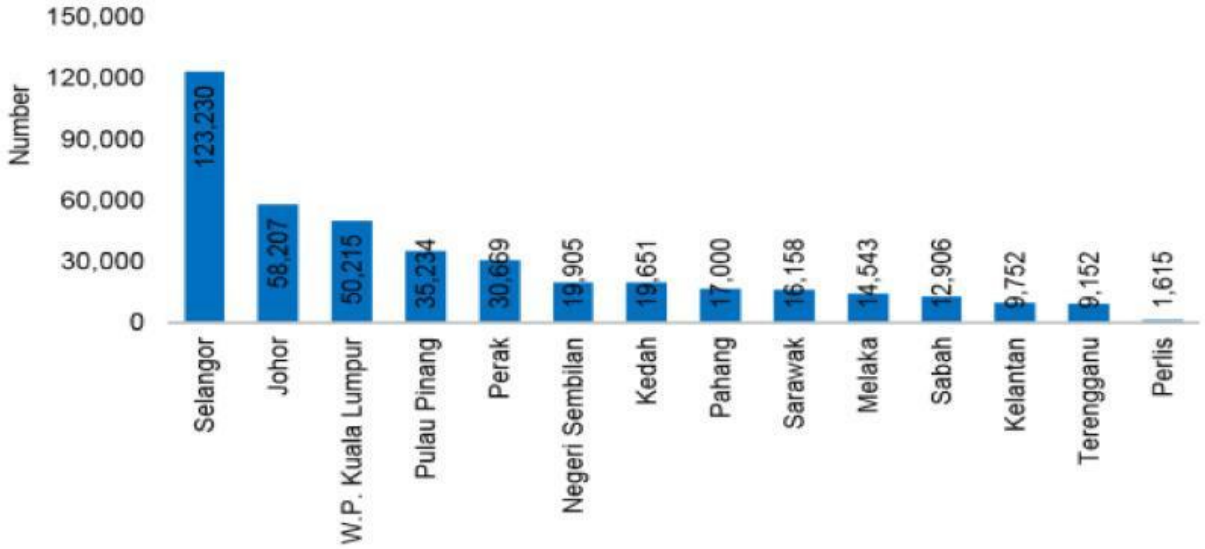

In the year 2022, the world was getting used to blended learning and the new norm. Hence, the school experienced another _____ **(10) (slight increase/sudden increase/downturn)** in the year 2022 whereby the number of participants has doubled-up to 632 students. Overall, the number of online classroom participation at Pinang Sebatu Secondary School may continue to increase annually according to the fast-moving trend of online teaching.
