Diagram illustrating multiplication and division relationships:

- $480 \div 80 = 6$ and $6 \times 80 = 480$
- $540 \div 6 = 90$ and $90 \times 6 = 540$
- $200 \div 50 = 4$ and $4 \times 50 = 200$

A regular hexagon with all six sides labeled 2 cm.
