Listen and read. Do Luke and Mia like the same type of movies?

Mia: Look, there are lots of amazing movies at the movie theater. Let's watch a movie!

Luke: This horror movie looks exciting. It's called *Black Night*.

Mia: I think it looks scary. How about this movie, *Love in India*? It's playing now. You can hear the music.

Luke: The music sounds good, but the movie doesn't look good. It looks boring. I don't like romantic movies. This movie sounds good. "*Penguin Party* is a funny story about five penguins. They have a party at the zoo."

Mia: OK, yeah. It sounds funny. Fuzzy likes movies about animals.

Luke: Let's buy some popcorn. It smells good.

Mmm ... and it tastes delicious!
