Dear Salim,

How are you ? 1 am glad that you have joined the Board Games Club for this summer holiday instead of playing football all the time.

There are many board games that are played there, but my favourite one is chess. Although many people like playing chess, it is very difficult. It needs logical thinking to win. Do you know that in Armenia chess is a subject that students must study ! I've already played in some competitions at school, but I've never won, I wish I can win one day and be like Dr. Emanuel Lasker from Germany. He was a chess champion for 26 years.

This summer holiday, I have received many travelling offers from my family and friends. My friends are going to Malaysia, however, I am planning to travel with my brother to China to learn karate. The coach who is going to train us is a student of Bruce Chang. He was one of the best karate champions in the world. The course lasts for one month and it costs a thousand OR. I am very excited !

Write soon ! Wish you all the best,

Ali
