5 learning accordions for a better world

LISTEN

LIVEWORKSHEETS

Interesting facts

A POLYGLOT is someone who dedicates their life to learning many languages. A linguist is someone who studies the many different aspects of languages in a scientific way through experiments and observations.

Linguists study things like how the brain works with language (psycholinguistics), how men and women or people from different places speak differently (sociolinguistics), the sounds of language (phonology), and other issues related to language.

1. Listen to a linguistic talk about the do's and don'ts of studying a language.

		You will become fluent	You won't become fluent
minute 1:	If you repeat words twenty times,....	☐	☐
