Select the adverb in the correct position.

1 Let's just consider just people's attitude to money at its simplest level.
2 Of course, savers spend only money, but only when they can afford it.
3 People in these countries even would have to work longer hours, pay more taxes and even accept lower wages.
4 You only don't only risk losing the money, but you also risk putting the borrower in a difficult situation.
5 We need both types of person, but only if they lend and borrow only responsibly.
