

## GENIO PRACTICANDO PROPIEDADES DE LA SUMA

Aplica la propiedad conmutativa de la suma

$$\bullet \quad 13 + 5 = \underline{\quad} + \underline{\quad}$$
$$\underline{\quad} = \underline{\quad}$$

$$\bullet \quad 17 + 6 = \underline{\quad} + \underline{\quad}$$
$$\underline{\quad} = \underline{\quad}$$

Aplica la propiedad asociativa de la suma

$$(34 + 19) + 12 = 34 + (19 + 12)$$
$$\square + \square = \square + \square$$
$$\square = \square$$

$$(27 + 60) + 21 = 27 + (60 + 21)$$
$$\square + \square = \square + \square$$
$$\square = \square$$

$$(29 + 15) + 6 = 29 + (15 + 6)$$
$$\square + \square = \square + \square$$
$$\square = \square$$

$$(47 + 10) + 41 = 47 + (10 + 41)$$
$$\square + \square = \square + \square$$
$$\square = \square$$
