

FUTURE PASSIVE

I. Watch the video. Complete the predictions with the future passive form.

1. Artificial intelligence ..... into our daily lives.

2. Our cities .....into smart cities with efficient energy systems.

3. Building ..... in photosynthetic paint that absorbs sunlight and converts it into renewable energy.

4. The world in 2100 .....by how we respond to the challenges.

II. Write about what life will be like in the next 100 years using the future passive form.
