

LEYLA'S HOBBIES AND INTERESTS

Hello! My name is Leyla. I like playing volleyball and basketball but I hate swimming. I'm good at playing the piano but I'm not good at playing the guitar. My best friend Sarah likes playing the guitar. I can't stand listening to the guitar. I really dislike it. She is good at playing musical instruments.

My mother likes cooking and she is really good at it. I like everything she cooks for me. She likes drawing pictures and painting in her free time. She is very talented. My father's hobby is reading and he always reads books every afternoon. He also enjoys inventing and fixing things but he is really bad at sports that's why he dislikes watching basketball and football on TV.

Lastly, I'm crazy about doing puzzles and ice-skating, and in fact every day when I finish my homework and have some free time I do puzzles or go with my mom to the ice skating rink near my house. I don't like staying at home and doing nothing. Anyway, who loves that?
