

Thank you for your interest in Modern Tranquility Alternative Therapies.

As a student in our Beginner Therapist program, you
¹ (study) under some of the most
experienced experts in the field of alternative therapies.

During this one-year course, you ²
(learn) the history and basic principles of herbal medicine,
massage therapy, and aromatherapy—the science of smell.
You ³ (get) real, on-the-job experience,
and you ⁴ (have) a chance to apply your
learning with real patients in the Modern Tranquility Clinic.

By the time you graduate, you ⁵ (master)
the basic techniques for using these therapies to help people
deal with a variety of physical and emotional problems
including stress and anxiety.

Within just a few months after graduation, you
⁶ (work) as an independent alternative
therapist.
