4. MODERN LUXURY INTERIOR DESIGN STYLE

The modern luxury interior design style does not **conform to** a specific look or colour scheme. Instead, the focus of this particular interior style lies in the mood it creates in a space. Natural elements, such as wood and marble, are often weaved into this interior style, _____ the space with a sense of _____ elegance. As precious metals tend to be associated with luxury, gold accents are added to the interior. This, along with the use of reflective surfaces, accentuates the clean lines of the modern luxury interior design style. Whether it is classy glamour or subtle luxury, this interior style speaks of timeless quality that will withstand _____.

The modern luxury interior style is for you if...

- You _____ an air of confidence and sophistication wherever you go, and this _____ in your interior style preferences.
- You're a fan of all things classic - think black-and-white movies, Audrey Hepburn and Marlon Brando.
- **Quirky**, trendy stuff are not your thing - you _____ towards items that are clean, simple and well-made.
- You're the type that often thinks for the long term - will this interior style still stay classy even after 10, 20 years? After all, renovating a home is a huge investment to make!
