Top ten interview tips

In just three seconds, an interviewer forms an opinion about you based on your appearance and your body language, so make a good impression! First, wear something smart. University interviews are not as formal as job interviews, but you still need to look your best. It's important to be neat and tidy and present a positive image. Smile at the interviewer, and shake their hand firmly.

Remember to switch off your phone during the interview. Be positive, sit up straight and smile at the interviewer. Answer their questions as best as you can, but don't waffle or talk too much. Talk about your skills, experiences and abilities. Make eye contact with them while you are talking. This will show them that you are confident and don't stare out of the window!

Do your research! Find out as much as you can about the university. Make sure you know what they are looking for in a candidate. Make a list of possible questions, and think about what your answers will be. Prepare some questions you can ask the interviewer. After all, you want to make sure the university offers you what you need.

Most importantly, think about how you will get to the interview. Make sure you know how long the journey will take and be clear about how you are going to get there. If possible, do it once before interview day to be sure. You don't want to be stressed on the day, and you definitely don't want to be late!
