Teachers' descriptions

- 1** I have to give my students a test at the end of the year so the students can get a grade.
- 2** I asked the students to do a multiple-choice test from their coursebook then mark it themselves with an answer key. They didn't show me their results.
- 3** The students discussed a topic in groups and I listened to get an impression of their level.
- 4** The students listened to one another giving presentations then gave feedback on them.
- 5** I often ask my students to do short gap-fill tasks which there is only one answer to. They keep a record of their scores.
- 6** The students hand in pieces of work throughout the term for me to mark.
