3 How many cards can Alisa make?

Alisa: Jack, do you know where the colored papers are?

Jack: In my bedroom. Why do you need colored papers?

Alisa: To make birthday cards. I am going to sell birthday cards to some of my classmates.

Jack: That's fantastic. Can I join with you?

Alisa: Definitely. Do you know how to do it?

Alisa: Don't worry, I will teach you. We will use $\frac{1}{5}$ sheet of paper to make a card.

If we have 7 sheets of paper, how many cards can we make?

Jack: ....(thinking)....

We can make _____ cards

4 Question 4: *Match the fractions to complete the division equations.*
