### **Read the following then answer the questions :-**

I reside in this small house. It has three bedrooms, one dining room, one long kitchen, and one Guest Room beside a bathroom and toilet. My moms and dads share one bedroom and I have the other bed-room where all home goods near me are available. I think, my space is quite all right for my requirements, though it likewise includes a closet in a part of it; where the clothes of all the three members of the family are put. We watch TV in the living room.
