

# UNIT 7- NATURAL WORLD

## 1. Match the pictures with the correct words.

Butterfly

Beetle

Rubbish

Insect

Tree

## 2. Fill in the blanks using should or shouldn't.

- We \_\_\_\_\_ protect the habitats of endangered species to help them survive.
- People \_\_\_\_\_ leave rubbish on the ground; it harms wildlife and the environment.
- You \_\_\_\_\_ clean-up to keep nature parks beautiful.
- We \_\_\_\_\_ cut down trees because they provide homes for many animals.
- Children \_\_\_\_\_ learn about insects like beetles and butterflies to appreciate nature more.
- We \_\_\_\_\_ put our trash in the bin to help animals and their environments.
- We \_\_\_\_\_ plant more trees to provide more habitats.

## 3. Match the problems with their advices.

- |   |                                      |
|---|--------------------------------------|
| • There is rubbish on the ground.           | • You should plant more trees.       |
| • People are cutting down trees.            | • You should clean-up and use a bin. |
| • There are beautiful flowers in the field. | • We should protect them.            |
| • These animals are endangered species.     | • You shouldn't pick them.           |

## 4. Organize the words to make sentences.

- environment. / We / the / should / protect
- on / You / throw / ground. / rubbish / shouldn't / the
- should / We / plant / trees. / more
- and / have / stripes. / black / Zebras / white
